Former President of Towson University

Dr. Scott Cowen  
President of Tulane University

William Fowler  
Nobel Prize for Physics

TKE focuses on balancing your in-classroom learning with hands-on, out-of-classroom experiences. Think of it this way...your college classes provide the knowledge base for your future, while TKE enhances your experience level and gives you the opportunity to apply what you have learned.

- Tau Kappa Epsilon's Educational Foundation provides more than 90 scholarships, totaling nearly \$100,000.
- With the many brothers in your chapter, forming study groups and finding others who can help mentor you in a particular area of study will be an easier task.
- You will have the opportunity to help develop an academic program that can benefit your chapter and you by requiring a focus on scholastic achievement.
- Find the right balance between academic, extracurricular activities and social life that will help you be successful in all you do now and in the future.
- Get to know professors better by taking advantage of networking opportunities with TKE's faculty advisors and other faculty advisors within the Greek Community.
- Network with brothers and alumni regarding classes, graduate schools, and employment opportunities.
- Utilize TKE's Online Career Center to aid you in achieving your professional career goals.
