U.S. Congressman

Bruce Gordon
Former NAACP President

- You are given a chance to learn by starting, growing, and managing a chapter of Tau Kappa Epsilon.
- Officer and Committee roles provide immediate opportunity for leadership development.
- Apply in-classroom learning through out-of-classroom experiences.
- TKE offers extensive leadership education opportunities, including: Regional Leadership Conferences, The Charles R. Walgreen TKE Leadership Academy, Conclave (our biennial fraternity-wide conference), and grants for programs such as the Undergraduate Interfraternity Institute (UIFI) and Futures Quest, as well as many more.
- The amount of grants given by TKE to support leadership conferences and programming last year was more than \$130,000.
- Discover yourself, including your values and beliefs to help shape your own leadership style.
- After graduation lead TKE as a volunteer, a member of the TKE staff, or in your chosen profession.

Greek Life aims to bring together a community of committed leaders. And TKE believes leadership is impact and influence, not title or authority. So whether you are an officer, committee member, or just a member, you can mold, enhance, and demonstrate your leadership capabilities in TKE.
